

Job offer: Biocatalysis Technician

Company: CarboCode

Location: CarboCode TTC, Portugal Site

Role Overview

CarboCode (www.carbocode.com) is a biotech company active in technology development of carbohydrate-containing biomolecules such as oligosaccharides, glycoconjugates, glycolipids and glycoproteins using both in vitro and in vivo biotechnology. Human natural lipid and oligosaccharide molecule-based food, cosmetic and health care products despite being at high customer demand are currently not available at the market due to the complexity of their synthesis. CarboCode is a company that aspires to improve human health and well-being by making human natural lipid and oligosaccharide molecules widely available. CarboCode core capabilities span a variety of technologies spanning through advanced chemical synthesis, to biocatalysis and biotechnological production.

We are seeking a motivated and reliable **Biocatalysis Technician** to join our innovative biotech company, specializing in the development of carbohydrate-containing biomolecules.

Key Duties and Responsibilities:

- Operate and maintain biocatalysis equipment in our pilot plant.
- Monitor and control biocatalytic processes.
- Collect and record data from experiments and production runs.
- Ensure compliance with safety protocols and quality standards.
- Collaborate with research and development teams.

Qualifications and requirements:

- Technical diploma from professional school or similar.
- Excellent attention to detail and ability to follow protocols precisely.
- Good problem-solving skills and ability to work independently.
- Strong communication and teamwork skills.

Personal Requirements:

- Independent, organized, and proactive way of working.
- Commitment, flexibility, and reliability.
- Resilience and ability to adapt to changing priorities.
- Enthusiasm for learning and applying new technologies.
- Ability to work in an international team.
- High communication skills.
- Ability to do shifts during production campaigns.

What do we can offer:

- Full-time employment with good contractual conditions in Biocant Park, Cantanhede, Portugal.
- On-the-job training will be provided for specific equipment and processes.
- A modern, dynamic, international environment where you will have the opportunity for professional and personal growth.

How to Apply:

Please, send your application to jobs@carbocode.com, including CV, salary expectations and your earliest possible availability to join our team.

Please include "Biocatalysis Technician Application" in the subject line of your application email.
